Work on Sunnyside Acres to Begin

Joshua Tree Chamber of Commerce Shows Enterprising Spirit

That the president and secretary of our Chamber of Commerce have been alert was evidenced last Saturday night, when a meeting was held at the new Community Building and matters of importance to our whole community were discussed. There was a large attendance, every chair in the hall being filled.

Several committees have been appointed, the chairman of the various committees and their duties were:

Committee to study by-laws of various Chambers of Commerce: Dr. Sin Clair, chairman.

Civic Improvement Committee: Mrs. Wood, chairman.

Traffic Regulation: chairman, Mr. Baird.

Publicity Committee, chairman, Mrs. Krumcke.

New Enterprises, chairman, Mr. Mitchell.

Our Chamber of Commerce has a live membership of 120 persons and each member is interested in the growth and welfare of Joshua Tree. Our newly elected officers and board of directors have many issues in the making, which when materialized, will mean much to our thriving little community.

Mr. Frank Biggs, as secretary, is qualified to fill the position as secretary. He is vitally interested in the growth and development of our town, being a licensed contractor and has his own home among others under construction.

The County Chambers have meetings each month, where all other Chambers of Commerce are in-

(Continued on page 8)

Publicity Director Visited Here

E. P. Walters, publicity director for the Bunker Land Co., of Los Angeles, was a Sunday visitor in Joshua Tree. Mr. Walters had just returned from a several weeks vacation, and was rather surprised at the advancement being made by Joshua Tree. He will be talking to you off and on through these columns in the future.

Churches and Organizations

We are asking all churches of the Valley, as well as lodge or other organizations, to hand us a correct schedule of their meetings, officers, etc., so that we may run them throughout the fall and winter in these columns. The directory should be correct in every way.

Continuation of Our Building Activities

In company with John B. Duncan, of the Joshua Tree Townsite Company, and who now has charge of the Sun Valley acreage, an editor of the Journal continued the survey of our building activities in Joshua Tree, Monday. Our go-ahead spirit, in spite of difficulties, shows the stuff of which builders, like those in Joshua Tree are made. Here are some of the new houses under construction.

Mr. and Mrs. Wortham, who have recently located here, are building a house 24x24. The floors are in, and part of the side walls are up. The house, like most desert houses will be cement block. There will be kitchen, bedroom, shower, living room and glassed in sleeping porch. They have materials with which to finish the house. They are located in the northeast part of town. Mr. Wortham and his

(Continued on page 4)

Motion Pictures at Community Bldg.

Owing to the fact that the Journal is printed on Thursday of each week and not mailed out until Friday, we are unable to print the program of pictures to be shown.

The Joshua Post 708 American Legion, is sponsoring motion pictures at the Community Building each Thursday night at 7:30 p.m.

21,000 GALLON TANK HAS ARRIVED

A 21,000 gallon water tank was received last week by the Bunker Land Co., to be erected at one of the wells in Sun Valley. The tank will be erected and put into use within the next two weeks.

NEW DEVELOPMENT IN JOSHUA TREE AREA

Albert J. Dal Corso and Francis X. Kenney, Real Estate Brokers of Los Angeles, who have bought 1300 acres just north of Joshua Tree, and will soon get under way with the Sunnyside development. Ye editor is looking through the doorway.

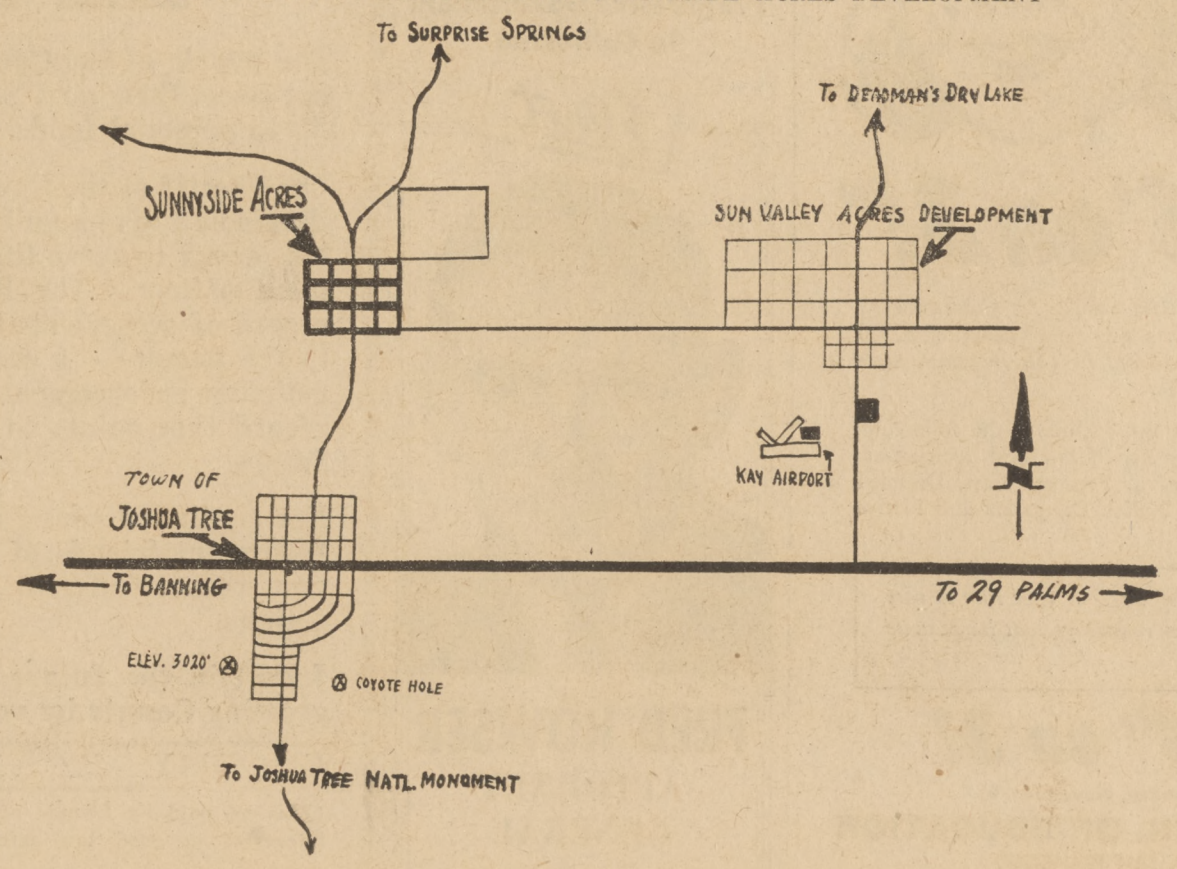
MAP SHOWING LOCATION NEAR SUNNYSIDE ACRES DEVELOPMENT



Bunker Land Company Closes Deal Embracing Two Sections of Valley Land

Tract To Be Made Into Acre Sites

One of the largest real estate deals to be consumated in this section this fall, was made through the Bunker Land Co., of Los Angeles for Edward R. Bartlett, who owns several sections of land in this valley, and who, last Saturday sold Sec. 13, twp. 1, N, range 6-E, and Sec. 7, twp. 1, range 7-E, to Albert J. Dal Corso and Francis X. Kenney, of Los Angeles.

These two sections comprise approximately 1300 acres and lie in the neighborhood of two miles northeast of Joshua Tree. The land is principally of a flat terrain and the whole two sections are ideal for the purpose for which it is to be used. It will be laid out in acre tracts, roads and streets graded throughout and made into suitable homesites.

The purchasers of this tract are men who have finally made this selection after several months of search for just such a layout. They are men of proven ability and judgment in the real estate field and seemed elated at finding this particular spot.

Francis X. Kenney has been in the real estate business since 1921. He started in Chicago as a real estate broker, went to Florida in 1924 where he was sales director for B. M. Hamner at Tampa, Florida. He also acted as sales director for Friskohn Bros. at Duneden Isles, Fla. He subdivided and developed his own property in Houston, Tex., in 1930-34. Was a real estate broker in San Francisco from 1939 to 1944. He was a broker and builder in Chicago.

Albert J. Dal Corso, graduated as an architectural draftsman from the school of Industrial Arts, Trenton, N. J., in 1924. Spent two years of architectural engineering at Temple University, Philadelphia, 1924 to 1926. Has been a building contractor from 1926 to 1944.

This tract will be known as Sunnyside Acres and while it will lie adjacent to Joshua Tree on the northeast, it will be separate and distinct from any other development now going on in the Valley. The soil in this newly laid out tract is rich in loamy substance. It is mellow and will be easy to put into production. Most anything can be raised in this soil, as has already been proven by neighbors now living to the east a short distance in Sun Valley. It is believed wells of sufficient water for domestic use and irrigation can be drilled all over the acreage, and abundance of pure cold water will be found at a depth of from 300 to 400 feet.

The climate in this Valley is pronounced by thousands who have

(Continued on page 8)

Pavement Pick-ups

Mr. and Mrs. Frank Fox who have been visiting in Arcadia the past week were entertained at a lovely surprise turkey dinner party by their friends, Mr. and . Mrs Harry Norris, on Tuesday evening of last week. Mr. and Mrs. Fox had been inited to spend the evening, when they were surprised by ten of their friends being present at the dinner party which had been prepared by their hostess. After the party Mr. Fox attended the American Legion meeting, where he met a number of his old friends.

Mr. Robt. Kroes, of Sun Valley, left Friday for points in Illinois and Michigan where he will purchase more turkey equipment. Mr. Kroes will be absent about a month. He sold a nice bunch of turkeys, which had been raised in Sun Valley and he expects to enter into the turkey raising business on a more extended scale on his return to the city.

Mr. and Mrs. Donald A. Stewart from Oceanside were in Joshua Tree last week. Mr. Stewart owns several lots here. He was so sold on Joshua Tree that he bought lots in thirty minutes after looking our town over.

Mr. and Mrs. L. J. McConnel, of Los Angeles, who is a lot owner was in town Saturday looking over the town and enjoying our beautiful sunshine.

Mr. and Mrs. Lee G. Wardle, of Santa Monica were pleasant callers at the Journal office last week. They gave us the usual boquets about the Journal being an interesting paper.

John S. Basey and wife of Los Angeles who own property here have just returned from a trip which included many states and beauty spots in the United States. Mr. Basey says Joshua Tree still looks good to him.

Mr. and Mrs. John Mernard, of Norwalk have been in Joshua Tree visiting Mr. and Mrs. Wood for the past week and have been looking over our town with an idea of a movie theatre at some future time. Mr. Menard is owner of theatres at Norwalk and Downey. This is Mr. Menard's sceond trip here.

Kester Clark, living on his acreage three miles east of Joshua Tree, paid his respects to our office Sunday.

Mr. and Mrs. Chester Blacow, of Alhambra and Big Bear, were callers at the Journal office, Saturday. They were touring this section of the state and dropped in on us, as they said, to get some authentic information about Joshua Tree and the valley in particular. The Blacows are both teachers and served in that capacity for nine years in the Hawaiian Islands. They left here for a trip through Joshua Tree National Monument.

A. C. MEYERS

Box 28A Twentynine Palms

VISITORS FROM ALHAMBRA

Miss E. L. Burrell, Miss Gracie De Harak and Miss Mary Ransome, all of Alhambra, were callers at the Journal office Sunday. Miss Burrel ordered the Journal. Said she had been reading it, loaned to her by a friend and that it was so breezy that she wanted it regularly. She also contributed toward our ambulance drive. Both Miss Burrell and Miss De Harak own lots in Joshua Tree and say they like our town.

A CORRECTION

In the write-up last week of the surprise party on Mrs. Wilson, an error was made in the list of guests present. We had too many Wilsons. The item should have carried the names of Mr. and Mrs. Williams of the Gift Box. Sorry. The same thing happened a week previous when the names of Mr. and Mrs. J. L. Duncan were omitted from a write-up of Mr. Bunker's birthday party.

BAGLEY HELPS OUT

Again Frank Bagley reaches out to help his neighbor, by donating a large Coleman heater to the Joshua Tree Community building.

The people of Joshua Tree appreciate Mr. Bagley's gift and sends their thanks through the Journal.

Mr. and Mrs. John McGee, of the Joshua Tree Townsite Company returned from a week's visit in Hollywood, Saturday. They both report having enjoyed their trip immensely.

Johnny Coulter, who recently returned from Bakersfield, has accepted a position at Chas. Lord's filling station at Smoke Tree.

Jack Crane, of the Crane Lumber Co., is back in Joshua Tree after a scouting trip, through the north where he has been in quest of building materials. What luck he had we have been unable to learn.

Mr. and Mrs. Steele of the Steele Realty Co., accompanied by Beth Barrett of the Journal staff, made a business and social trip to Los Angeles, Wednesday.

"For Jimmie and me

Vote 'YES' on 3!"

Proposition 3 will relieve the teacher famine in California by guaranteeing public school teachers a minimum salary of $2400 a year. *Local taxes will not be increased by this measure. State funds are available for this purpose.*

Two hundred California organizations, including the following, urge you to vote **"YES"** on **3** — Republican and Democratic Parties, American Legion, Veterans of Foreign Wars, Disabled American Veterans, AFL, CIO, Native Daughters and Native Sons, and P-T A.

And remember — when you vote "Yes" on 3, be sure to vote "No" on 13, which would further reduce present inadequate school appropriations.

"Vote YES" on 3!

FRED HOWSER

ATTORNEY GENERAL

Sheriff E. L. Shay

The people of the County cannot and should not select their next Sheriff by merely pointing to personal feuds.

The Sheriff of the County of San Bernardino should be a man qualified, a man mandated by his record to serve the people as an enforcement officer. The RECORD is there — a record of achievement — a record of service to the people — a record of swift and energetic law enforcement at the proper time — a record that points to added progress in the future.

For continued sound and progressive law enforcement friends of Sheriff E. L. Shay ask you, respectfully, to judge the man for his actions.

Invest in the future of this successful and growing County by voting right —

E. L. SHAY..... X

(This ad paid by friends of Sheriff E. L. Shay who are interested in good law enforcement)

Pavement Pick-ups

Thos. Hosgood, wife and daughter Beverly, of Southgate, have been in the city visiting with Mr. and Mrs. B. W. Copp. Tom owns a garage in Southgate and looks after the work of the police and highway patrolmen's accidents. They have been sojourning up in the mountains and are on their way home.

Mrs. Pauline M. Williams, who has just moved her trailer to Yucca Valley likes the Journal so well that she did not waste even a day getting her address changed from Bell Gardens to Yucca. She also subscribed five dollars to the Ambulance fund. She had formerly given a donation to our Community Building, even though she did not own property here. This shows a fine spirit. Thank you Mrs. Williams.

The boys in our grocery store are getting in so many good things to eat, including fruits and vegetables that we are all living high here in Joshua Tree.

Mr. and Mrs. Jerome Collins of Bell Gardens were visitors in our fair city Tuesday, and while here incidentally dropped a subscription price into our exchequer. They were simply looking the country over and we made them a sales talk that we hope will bring them back here permanently.

JIMMY BOYLE AND WIFE RETURN FROM ALASKA

One of our most pleasant collers Sunday, was Jimmy Boyle, who with his wife, has just returned from a trip to Alaska and other interesting points. Among the interesting points which Mr. and Mrs. Boyle visited was Timberline Lodge, located at the foot of Mt. Hood, about 150 miles out of Portland. This was a W.P.A. project and, according to Mr. Boyle, the hand made craft is almost beyond description in this lodge. Mr. Boyle works for the Examiner. He is one of the early settlers of Joshua Tree and owns a cabin here. His survey of the early settlers of Joshua Tree, its earlies settlers and experiences in starting the town was all very interesting. Both Mr. and Mrs. Boyle are completely sold on our health virtues.

CHURCH SERVICES CONTINUES IN INTEREST

The church services last Sunday was well attended and many new members were added to the church.

The additions to the church will be included in next Sundays Charter members.

Rev. Williams too kas his text: "I Have Called You by My Name." He took his text from the 17th chapter of John, beginning with the ninth verse. Rev. Williams is an excellent speaker and promises to be an organizer which will forward a movement toward getting a church built in Joshua Tree in a very short time.

He touched upon the theme of hatred in our hearts as being against the teachings of Christ.

A Community church in Joshua Tree is one of the fundamental needs and we have many fine people here who are manifesting a growing interest in our new Community Church.

Be sure and attend next Sunday.

"Application for entry as second-class matter is pending."

Elliott Roosevelt, son of the late President, in a Boston speech the other day, predicted that bread would be selling at $15 a loaf soon. Well, if it does it won't be necessary for us to go to Russia to start a war, we'll have one right here at home.

* * * * *

Now that Goering has committed suicide and several other high ranking Nazis have been hung, it is to be hoped that the courts will keep up the good work until thousands of others of the Nazi stripe are brought to justice. There are thousands of Nazis still at large in Germany who should be apprehended and made to pay the penalty.

* * * * *

There is a small bunch of malcontents in this neck of the woods who are spending their time and money raising a hue and cry about the poor homesteader now living up in the Joshua Tree National Monument. Those homesteaders are not saying much about it, and seem content to let well enough alone. They realize if the time ever does come when Uncle Sam wants them out of there or partitioned off, that they will get all that is coming to them and be treated right. This bunch on the outside who are spreading misleading propaganda, are probably sore because they think maybe they will not be able to get their hands on some of the Monument. There probably isn't enough mineral in the whole Monument to buy a grub stake for an old prospector, neither is there enough agricultural land in the whole Monument to pay for tilling it. The big yowl being put up by this bunch, smacks of speculation on their part. Their method of spreading their propaganda, through the columns of a publication which is not even recognized as legitimate, by the public or press, is enough to cause our people to take what they see in that organ with a grain of salt. The Shephard bill may be dead, but Phoenix like, it will rise again.

* * * * *

It might not be a bad idea to encourage some of our nimrods to stage a coyote hunt around here. There are a number of the pesky critters roaming the hills around the town, and reports come in that they are cleaning up on the house cats as well as young shrubs, etc. Now that there is a meat shortage on, you can't hardly blame the poor coyote, and when the rabbits and birds are all gone, this pesky critter is liable to be knocking on your door for a handut.

* * * * *

If we were a candidate for office this fall, we wouldn't agree to kiss all the babies we run across, just those old enough to vote.

* * * * *

We hold a ticket in a drawing for a 450 pound steer to be given to the lucky holder, on Nov. 1, at the Joshua Barn. We have already been offered lockers in which to keep the meat, but—well, we'll think it over.

* * * *

One thing about living in Joshua Tree you meet new faces every day, people who are seeking a pleasant place in which to live or invest their accumulated wealth, and others who want to get out of the fog and smog and bask in the health giving elements of our glorious sunshine and altitude. No place in the whole world offers such healthful opportunities as does this pleasant valley. We know that sounds fantastical, but it is the truth, nevertheless. The proof of the pudding is in the eating. Come look us over, visit with us, and if you think we are in error, tell us so. We challenge you.

* * * *

The World's Series in baseball ended as we had all along predicted. The St. Louis Cardinals are unbeatable as a ball team. They outplayed the Boston Red Sox all the way, and the Sox have discovered that it takes more than beans to win a World's Series.

Continuation of Our Building Activities

(Continued from page 1)

wife and two sons, who recently arrived here are doing the building and as Mr. Wortham says, it is a family affair, they do not know when the house will be completed. Mrs. Wortham like many of our desert wives, has really pitched right in. She says she has worked harder and gained weight faster than in her many activities of rearing a large family. The Worthams are a fine couple and will be an acquisition to our town. The Worthams expect to add stables for riding horses when they get their house built.

Perhaps the most original and unique house being built in Joshua Tree is that owned by Margaret Baird, located at Sunburst Circle and Mountain View. The dimensions of the house is 34x36 and 6 in. The house is being built by Mr. Frank Biggs and is a 3 level house. The kitchen will have a bar; there is a dining alcove, living room with stone fireplace with French doors opening to a terrace. There will be a bedroom, which will open to a patio of desert stone. The kitchen will be on a level with the garage and the garage will have a sun deck roof of concrete.

This house is beginning to take shape and when completed will be a real beauty.

Mr. Bloom has just finished a concrete block house which consists of a large kitchen with service porch, living room, master bedroom with big closet, bath room. This house looks roomy and very complete. Windows and doors are of French design and the front door opens onto a large concrete porch. The builders were not there when we looked at the house, but judging from the looks of the house, must have been expert in their line.

Mr. Milo Crane and the sons, Milo and Ted are building a house in the east part of town, which when completed will be a nice home for some one. The dimensions of the house is 35x29. It will consist of a living room, two bedrooms, a utility room, combination kitchen and dinette, a bath room with bath tub. On the west side of the house is a covered drive way. The doors will be French and the closets will be roomy. There is also a hall and linen closet. The Cranes are the owners and builders of this house.

A small weekend cottage has just been completed by Milo Crane, Jr., which is 18x20. This house is compact and very modern in design. It consists of a large living room ,and a kitchen with bar and space for a rollaway bed. There are many built in features, and the house will have three porches.

M. M. Dunn has building material on the ground sufficient to build a combination plant house, green house and temporary living quarters. He is located on Chollita Road. Mr. Dunn is an expert grower of trees and shrubs and since coming to Joshua Tree has been run ragged planting flowers and trees in town. Mr. Dunn says certain kinds of Eucalyptus trees, oleanders, weeping willows, umbrella China, Cottonwood and Balm of Gilead of the poplar family, all thrive. Balm of Gilead trees can be grown from twigs and will grow large shade trees within three years. This tree started from a twig is near the filling station here and is only four years old.

EDDIE CANTOR — "Nothing, with the exception of peace in the world, is so important as the education of our children. I believe every intelligent Californian will vote 'Yes' on Proposition 3."

Cousin Julia

By Beth Barrett

Cousin Julia says:
Drink your coffee at night, then lie awake and think how GOOD it tasted.

Old Time Hay Rides

Get a crowd anywhere, anytime

Backward Turn Backward, Time in Your Stride

Give us a chance for another hay ride
Let us forget the cares of the day
Riding along on a load of sweet hay
Age has no limit, youth is so gay
As music and laughter goes echoing away,
Over the roads far in the hills
Romance and love, plenty of thrills
In an old hay wagon driven at night
Under the stars in a bright moonlight.

THIS . . . and THAT

By Beth Barrett

So many persons from out of town drop in and say they like This and That. Thank you so much. Molly Malone, of Radio wrote us last week praising our column. We try to either relax you or express our good fellowship to you this way. We have a new man in our town. He would not want his praises sung in connection with his name. I have felt uplifted since meeting him. He breezed into our office one day wearing an old slouch hat. He is not young, but every ounce of him was tingling with energy and philosophy. In less time than I could write it, he told us that he was a lecturer and minister, that he had a nice wife, that he loved flowers and shrubs so much that they grew for him. He told us a lot about how we could make our town beautiful with shrubs and flowers, and he went right to work. We are glad he is here, and we feel that the lives of many in our town will be cheered and beautified because of his coming here.

May I tell you about Aunt Julia. I do not like cartoons, but I do think there are some faces and personalities that please. For a long while I have visualized a woman who would carry a message of cheer and some times touch upon our universal humorous likenesses. Our townsman, Colonel McMillen, who is a commercial artist, was in here one day and I described Cousin Julia so accurately in my imagination to him, that he went home and drew her to perfection. Said I: "She must look happy and relaxed; she must be large, smiling and have a large stomache without caring how she looks, but she must be a person whom all love." I am going to have her copyrighted and am making plans to have her work for me when, if ever, I do get old.

One unfair advantage that every newspaper has, is that we can take "cracks" at others. I have many faults, but you will never find, in anything I write that I have said anything in print, which would hurt another individual. When I covered the Jake Hammond murder trial in Ardmore, Okla., many years ago, I retained the life long friendship of Mrs. Hammond because ours was the only newspaper that did not infer criticism or voice same, of the wife of the murdered man. One of the phases of newspaper work that I most like is that I can, in a measure bring out the good in others in print.

HOLLYWOOD FOLKS FROM NORTH

Mr. and Mrs. Robert Eyth and Mr. and Mrs. Virgil Halgimes motored out from North Hollywood over last week end. They took a trip through the National Park and looked the valley over with the idea of making an investment in the area.

KAFIR CORN SAMPLES CAN BE SEEN HERE

Mrs. George Ledesma, who lives in Sun Valley, brought a bunch of kafir corn heads to this office last week, which will compare with anything raised in Oklahoma of Texas. This experiment made by the Ledesmas is prima facie evidence that crops of all kinds can be raised in the valley. Come in and take a look at them.

PAVEMENT PICK-UPS

Mr. and Mrs. Jack Gilliland of Long Beach, were visiting in Joshua Tree, Wednesday, and called at the Journal office. They were more or less surprised at the growth the town is making, they having been here several months ago.

Mr. and Mrs. Harold Anderson of Detroit, Mich., are in Joshua Tree for an indefinite visit. Mr. Anderson is recovering from a major operation he underwent lately. He has been associated with the Chrysler corporation for a number of years.

We enjoyed a short visit with Mr. A. A. Wallace of Sun Valley, Wednesday, who dropped in to see us on business. We are not going to tell you what he said to us, any more that that he expected to be in their new house they are building there in a short time. He is a pretty genial gentleman and we hope to get along with him.

Bill Forster, of the Desert Trading Post enjoyed a vacation last week in San Diego and other points.

CHANGE OF ADDRESSES

We are receiving many requests for changes of address, and especially from the Los Angeles section. We will speed up the changes, but it will be a matter from two to three weeks before the changes can be made. We are handling a pretty large mailing list and being short of help in this department, you will have to be lenient with us.

---

29 PALMS

Closing hour for the Smith Bro. Ice Co., 5:30 nights. Open daily except Sundays.

Mr. P. D. Trout and Miss Pauline Rosengrants were week end guests of Mrs. Trout who is staying at Mrs. Craigs. Mr. Trout drove to K Field and took a flying lesson getting a bird's eye view of 29, of which he says, none better.

Mrs. Weer, who bought Mrs. Pool's home in the Hansen Tract took suddenly ill last week and rushed to the San Bernardino hospital, Jack Cones driving. Her husband was notified as soon as possible, as he lived in San Bernardino.

Col. and Mrs. Grace Scriven just returned from an extended visit and fishing trip to the East and back which took in 7000 miles. They still say there is no place like 29.

Mr. and Mrs. Blackburn are new owners of Bar 29. The new name will be Desert Room. They will serve chili salads and sandwiches, topping off with that good keg beer, of which the bar has been noted for, in the near future. Mrs. Blackburn is one of the old timers, her former name was Pearl Kleindinst. She homesteaded here in 1930. Watch for ad.

Turkey Dinner for Bob Kroes

Mr. and Mrs. Geo. Ledesma, of Sun Valley, gave a turkey dinner last Saturday at their home in honor of Robert Kroes, their neighbor for the past several months, and who has been in the turkey raising business at that place. The turkey was one Mr. Kroes had raised, and was the first of his own turkeys he had eaten. The dinner was thoroughly enjoyed by all who attended. Mr. Kroes left Sun Valley Saturday for his old home at Champaigne, Ill., where he will visit with his mother and friends and will scout around for equipment for his turkey ranch which he will open up again in the spring.

Flying News From 'K' Field

By Staff Correspondent

The major event of the week, the Glider Meet, was met with much rivalry and sporting fun. Robert Thomas, from Glendale, Calif., carried top honors for altitude and duration in his L-K sailplane while Bob Fronius, of San Diego, nosed in for spot-landing in on eof the California Soaring Schools Pratt-Reeds.

Others participating were: Herman Steiglmeier, Henry Meyers, Art Russu, all from Inglewood, Jim La Fleur from Long Beach, F. W. Walters and Carl Walters of Hawthorne, Larry Edgar from Twentynine Palms, and from San Diego, Mr. and Mrs. Steve Kecskes, and Mr. and Mrs. David Boone.

Mr. and Mrs. Herman Steiglmeier in an L-K and Mr. and Mrs. Henry Meyers in a Pratt - Reed were towed out from Inglewood, Saturday in a two-plane piloted by Dick Lyons. F. W. Walters who hasn't been out of the Navy long bought Harry Comer's Twenty-niner which was used here during the Western Glider Meet not so many months ago. Fred brought along an enthusiastic dad and Edward Kufus from Longdale. Mr. and Mrs. Sullivan, new members of the S.C.S.A.I., made an appearance, and enjoyed watching the sailplanes. Out from San Diego in a PT 19 flew Chet Porter and Neil Thomas to enjoy a bit of the sport. Red Slater who visited K Field earlier in the week flew back again with a friend in a Globe-Swift from Los Angeles. Mr. Charles Shelly, of Joshua Tree, enjoyed a flight with Larry Edgar while Mrs. Shelly and son Howard watched. Bob Shelly, another son is taking instructions in the Piper Cub. At the finish of Saturday's meet a wienie roast, held at K Field, was enjoyed by all "soarers" and their friends.

During the week Shorty Long and his brother paid us a visit but were disappointed in not finding Bill Putnam here. Bill left last week for the East to pick up a Piper Cruiser and is due back Friday the 18th. Jack Cones flew Bill to Needles, Calif., where Bill "entertained" for the East.

Dick Lambert, who is really ernest over flying and is a member of the Desert Flight Club, is working fast towards his private license.

Pat Wiser, from Joshua Tree, spent some of his spare time flying the Cub during the week.

In time for the dead-line is news of the first airplane flight for Mrs. William Hatch of Twenty-nine Palms. After landing and securing her two feet on the ground she was still literally in the air and was thrilled by it all. Ray Parker took the BT into Tri-City for a check-up and while there Mrs. Hatch dropped by with Jack Cones who were on their way back to the desert.

The Desert Flight Club is still open to new membership either male or female. Notice: Mrs. Putnam is willing to share Bill, whom she considers is one of the most handsome instructors in this state, for an hour or two of flying instruction each week or month to any and all females from 16 years on up. So don't be backwards, gals, in joining the club. The rates are very reasonable and if you have children, bring them along. Mrs. Putnam will take care of them.

Pavement Pick-ups

Francis A. Harvath, who lives in Joshua Tree has just returned from Tucson, Arizona, where he attended the Gideon convention. This organization, one which places Bibles in hotels is nationally known. The convention motto was: "Christ is the Answer." Two well known speakers, Rev. Eric Folsom and Rendert Muller were among the principal speakers. Mr. Harvath also visited Al Rose of Big Bear City, who owns gold mines, and introduced him to some of the intricate doings of gold mining.

☆☆☆☆

"I am . . . shocked by the growing indifference and apathy toward our returning veterans . . ."
—GENERAL OMAR BRADLEY,
Chief, United States Veterans Admininstration

Here's California's Answer to Apathy, General!

California has the answer to apathy, General!

Proposition 2 will give the veterans of this State an assistance program second to none, supported NOT from legislative appropriations, NOT from new taxes, but from A GUARANTEED PERCENTAGE OF THE PROCEEDS OF STATE-SUPERVISED GREYHOUND RACING.

That makes sense to us, General, as veterans and as taxpayers.

California veterans want to see Number 2 win. They know California is not going to let her veterans down.

THIS STATE'S ANSWER TO APATHY IS

"YES" on 2

(General Election, Tuesday, November 5)

VETERANS OF FOREIGN WARS DEPARTMENT OF CALIFORNIA
DISABLED AMERICAN VETERANS DEPARTMENT OF CALIFORNIA

Work on Sunnyside Acres to Begin Soon

(Continued from page 1)

visited here, to be more milder, more temperate and more salubrious than in any other part of the state. The elevation of 3000 feet which we enjoy places us above the extreme heat of the summer and the cold of the winter. Within a short distance of the northwestern entrance to the Joshua Tree National Monument, both residents and visitors can go through this Monument at any time. The valleys and the hills are always picturesque and inviting. The fogs from the Pacific fail to pentrate this far inland and the sun, moon and stars are kind to our people.

It is the intention of Messrs. Dal Korso and Kenney, to begin preliminary work on their new project at an early date. It is their intention to mark out at once the east eighty of section 13 into acre lots, grade the streets and place them in readiness for homeseekers. Other tracts will be opened at different times until the whole 1300 acres will be ready to be offered to the public. This is a wonderful spot for small families who can have all the fruit, vegetables and poultry they care to raise. One acre of rich, fertile land, such as is found in the Sunnyside Acres, should be sufficient for the average small family to make a home on and raise their own necessaries of life. Schools and churches are already near this location and good roads already lead to that section with more in the process of building. This is an ideal spot for families of small capital and who are seeking a home in the "Valley of the Sun."

RILEA W. DOE — "The war brought business out of the doghouse. It's up to business to keep it out. Good public relations isn't a coat of paint that just protects the surface."

(Continued from page 1)

vited to discuss various issues over the banquet table. The next meeting will be held at Fontana, on Friday the 25th of October. The Joshua Tree Chamber of Commerce voted to send our president, Milo Crane and secretary, Frank Biggs, to the next banquet with the expenses paid.

Mr. Bunker of the Joshua Tree Townsite Company suggested that we have a nice delegation of members from our group. Mrs. Krumcke also offered the suggestion that chairmen of various committees attend. Mr. Steve Moninger made a nice talk. He brought out some of the early struggles of Joshua Tree, of the work and hardships of the Joshua Tree Townsite Company in starting the town, its accomplishments and cooperation and emphasized the need for continued co-operation one with another in building our little city. Mr. Moninger is an earnest and sincere speaker and he spoke straight from the heart.

A Christmas party for the children of Joshua Tree, sponsored by the American Legion and participated in by the various other organizations, among them being the Chamber of Commerce, was approved by the Chamber and a committee of one will be appointed to serve on that committee.

The meeting adjourned.
